Although you'll have already seen many beautiful areas visited by the Group of Seven over the last two days, the best is yet to come.

Day Three - Agawa Canyon Tour Train: Board the train this morning and enjoy the scenery along with ongoing commentary and historic images on TV screen monitors. New York City Sightseeing

This comprehensive tour of New York City offers incredible value. With many included features such as the smash-hit Broadway musical *Come From Away*, the best attractions in New York, a dinner cruise, some meals and more, this tour showcases the best of The Big Apple.

Day One – To New York City: Meet your travelling companions, and enjoy a scenic drive down through the rolling hills of New York and Pennsylvania. Spend the next four nights just outside Manhattan in a quiet New Jersey neighbourhood.

Day Two - 9/11 Musuem & Guided Tour: This morning visit the incredible 9/11 Memorial and Museum. The museum's 110,000 square feet of exhibition space is located within the archaeological heart of the World Trade Center site, telling the story of 9/11 through multimedia displays, archives, narratives, and a collection of monumental and authentic artifacts. It provides a link to the events of 9/11, while presenting intimate stories of loss, compassion, reckoning, and recovery that are central to telling the story of the attacks and the aftermath. Afterwards, take a guided tour of the city with a local guide, and see New York's most famous sights. Then, take some free time to explore the memorial, or perhaps do some shopping at nearby Century 21. The day ends in the Times Square area, for free time for dinner and exploring.

Day Three – Top of the Rock & Come From Away: Our favourite spot to see New York City from a bird's eye view is at the Top of the Rock, high atop the Rockefeller Center. A gift from John D. Rockefeller to Manhattan as a place for locals and visitors to marvel at the city he loved, it's the very best place to see the city from above. Then, attend a matinée performance of the Tony-winning, Canadian production of *Come From Away*. Telling the inspirational and uplifting true story of how the Newfoundland town of Gander embraced 7,000 diverted airline passengers in the wake of 9/11, this is a show unlike anything you have ever seen. Afterwards, board the elegant *Spirit* cruise boat, where you'll have a chance to dine, dance and see Manhattan from the water. The three hour cruise takes you by the Freedom Tower, the Statue of Liberty, and as the sun goes down you'll see the lights sparkle and come alive while cruising under the Manhattan, Brooklyn and Williamsburg bridges. A delicious buffet is featured, as well as music on the upper deck. This will be an unforgettable evening.

Day Four - Radio City Music Hall & Free Time: Take a trip back in time to the art deco era and take a tour of Radio City Music Hall. This magnificent facility, nicknamed "the Showplace of the Nation", has been restored to its original opulence, and the stories and background are fascinating. On this guided tour, discover art deco masterpieces, learn the secrets of the Great Stage, and meet a Rockette. This afternoon the coach will make convenient drop-offs at the Metropolitan Museum of Art, The Museum of Natural History and Central Park. Each has facilities for lunch on your own, or you can choose a restaurant in the surrounding area. This evening, dinner is included at Carmine's, a New York institution and landmark, one of our personal favourites.

Day Five - Home: Enjoy a scenic drive today, travelling through New York and parts of Pennsylvania, crossing the border back into Ontario by late afternoon.

Did you know? It's tradition for new cruise ships to be sponsored by a woman, known as the cruise ship's "godmother", said to bring good luck and protection to the vessel. They attend the ceremonial launch where they bless and officially name the ship. The honorary godmother of the *Allure of the Seas* is actually a cartoon character: Princess Fiona, from the Shrek films.

As for the driver and tour director, it is customary to show your appreciation based on the level of service received. In this way, you can decide what their service was worth and you will also know for sure they actually receive their gratuities.

COACHES: The motor coaches used on our tours are of the latest design with air suspension ride, climate control, reclining seats, washroom facilities, stereo music and much more. For nearly all of our tours we use our own coaches, however, during busy times or when our coaches are off the road for important regular mechanical service, we charter quality coaches from carefully selected companies.
